## Building Sustainable Communities

As the green building movement moves forward and gains steam across the country it is increasingly important that we work together to create green sustainable communities for our futures.

Please join the DC Chapter AIA Committee on the Environment and the DC Metro Green Building Community for an evening of education and comraderie as we discuss how collaboration can move us from a focus on the singular sustainable building to a **SUSTAINABLE COMMUNITY**.

To register for each event, please visit our website,  
[www.aiadc.com/COTEdcevents.asp](http://www.aiadc.com/COTEdcevents.asp)

*Special thanks to  
our sponsors!*
